Age \_\_\_\_\_ Educational Institution \_\_\_\_\_

Parents' Names \_\_\_\_\_ \$\$ Contributed to Blunt '04 \_\_\_\_\_

MySpace homepage URL: \_\_\_\_\_

Favorite beer \_\_\_\_\_ Shredding speed (pages per minute) \_\_\_\_\_

Please answer the following questions:

- 1) Are you now, or have you been at any time, employed by the Federal Bureau of Investigation or the United States Department of Justice Public Integrity section? Is any member of your family employed by those entities? Are you wearing a wire?
  
- 2) Multiple Choice—Suppose you have \$50,000.00 cash to give away over one election cycle. You would:
  - a) give dozens of smaller checks to GOP legislative and statewide candidates and legislative committees.
  - b) give \$50,000 in in-kind political campaign expenditures to a candidate by running it through district and caucus committees.
  - c) give \$50,000 to Gov. candidate X in exchange for a fee office, in return for which a portion of the proceeds are promised to Gov. X and his family over the next four years.
  
- 3) What is the name of the LLC through which you run your "political consulting" business? Please list the candidate and legislative district committees that are currently paying you for "financial reporting", "polling", or "research".
  
- 4) As an intern in the Governor's/Lobbyist's office, a key portion of your duties will revolve around making explicitly political communications. For these purposes, you will be issued a handheld device with a non-public email address. Would you prefer a RIM Blackberry device or a T-Mobile Sidekick III?
